

Fraction Match

This game is similar to UNO. The goal is to be the first to get rid of all your cards.

Instructions

You use the fraction cards and the CHANGE cards for this game.

Set up:

- Shuffle the deck and deal 6 cards to each player.
- Place the rest of the deck face-down in the middle to be used as a draw pile.
- Turn the first card of the draw pile face-up and place it next to it. That is the discard/play pile. (If it happens to be a CHANGE, SKIP or MAGIC card turn another one and shuffle those cards back into the draw pile. The first needs to be a fraction card.)
- The players take turns and try to find a card in their hand that is equivalent to the one down. (shows the same part of the shape). If they have more than one they can play them all.

When a player doesn't have a matching card they have to draw a new card from the draw pile unless ...

They have a CHANGE card. The CHANGE card allows you to change the fraction down to a new one from your hand. You play the CHANGE card and one of your fraction cards. Put the fraction card on top for the other players to match it.

SKIP card: You can play the SKIP card at any time to stop a player from playing their turn. Make sure you play the SKIP card before they take any action.
